

Permission for Housing Land Development

In accordance with the Act on the Regulation of Housing Land Development, urban areas with a high probability of disaster occurrence due to housing land development are designated as Areas Regulated for Housing Land Development. Persons intending to carry out housing land development within these areas must receive permission at the design phase and have the site inspected following the completion of the development. The TMG processes permit requests. In addition, owners of land within these areas are required to keep their residential lots safe.
